Yard Debris & Brush Clean up Opportunity

The Board is again providing an opportunity for homeowners to dispose of their yard debris, brush, and tree trimmings. Many people have used this opportunity in the past to reduce the fire danger around their homes and vacant lots.

Starting **Monday, April 25**, there will be a large dumpster delivered on Sherwood (exact location will be sent out in an email blast). It will continue to be available through **Monday, May 16**. If the dumpster gets full at any time, the contracted company will pick it up, take it to the landfill, and return it to us, empty, at the same site.

We encourage everyone to use these two and a half weeks to clean your yards and vacant lots. Remember, if your home backs up to an easement where the property stake ends in the middle of the easement, you should check and remove those trees, shrubs, and weeds that could impede the natural flow of the rains during our monsoon period. So, please load up your vehicles and dispose of your debris in the dumpster. This dumpster is for brush, branches, pine needles, and leaves only (**no plastic bags, construction materials or other non-plant material**). If you are disposing of large branches, please cut them down into smaller pieces so that we can get as much in the dumpster as possible.

If you don't have a means to get your plant material to the dumpster, please call AMCOR (480-948-5860, ext. 103) to advise of the same and they will reach out to some volunteers for assistance.

Shredding Event!

We are planning to hold our annual shredding in April. There will be a shredding truck in the street at the opening to Rumsey Park, next to 815 W. Country Lane. The truck will arrive between 8 and 8:30 am on April 28, 2022, and will remain there for an hour. Bring any papers that you would like to have shredded, and you can dispose of them on that day. The shredding event is free so let all your neighbors in Woodhill know about this opportunity.

SATELLITE DISH

Reminder...satellite dish cannot be installed on the front of the home. Please refer to the guidelines available on the Woodhill website. If the dish is installed at the front of the home, you will be sent a letter to relocate the dish. In addition, if you are selling your home, the issue will be disclosed to the new Buyer.

Owner Concerns

Should you have any questions, concerns, or complaints, please contact, Robin Thomas at AMCOR Property Professionals, Inc. – 16441 N. 91st Street, Suite 104, Scottsdale, AZ 85260 - (480) 948-5860, ext. 103, or via email ... rthomas@amcorprop.com

WOODHILL WEB-SITE

The Woodhill Homeowners Association has a web-site (www.woodhillhoa.com) that

has a lot of pertinent information for everyone. All Architectural Standards, Rules and Regulations, minutes of the monthly Board meetings, newsletters and Board Meeting agendas are available on the web-site. If you have any questions about a particular issue or guideline, please check the online information. If you still have questions or need assistance after checking out the web-site, do not hesitate to contact Robin Thomas at AMCOR.

Architectural Standards

If you are planning any projects that will affect or change the external appearance of the house or yard, you will need to obtain Architectural Committee approval. You can review the Architectural Committee Standards on the Woodhill website to make sure you obtain the necessary approvals and submit the proper information.

Temporary Parking Permits

If you have a situation where friends or relatives are visiting for a few days and you do not have room for them to park in your driveway, you may request a temporary parking permit from **AMCOR**, so the vehicle can be parked in the street. The Association does not permit OVERNIGHT PARKING on the streets without prior approval.

Also, please be sure to **not park on the sidewalks** as this impedes foot traffic. Many of our residents are out and about walking the community daily and the sidewalks should not be an obstacle course.

WEED SEASON

Hopefully, we will be experiencing a rainy start to our Spring. Along with the rain comes the weeds that have been waiting to sprout. It is much easier to keep the weeds under control if you get them out while they are small. We are all looking forward to some good rains, but let's keep Woodhill looking nice by keeping the weeds under control. Something to keep in mind is the use of a **pre-emergent spray** to treat your soil prior to our monsoon rains, which will keep weeds from germinating. A more expensive but longer lasting approach is to put down weed barrier fabric and cover it with about 2" of rock. This is a very effective long-term solution.

THANK YOU! To all homeowners for keeping our neighborhood looking good by picking up any trash floating around...including dog poop!

A warm welcome to all new homeowners!
